EXERCISE STRESS TEST & EXERCISE THALLIUM

You will be exercising for a short period of time while your heart beat is monitored. Please bring shorts/tracksuit and a pair of comfortable sport shoes or flat soled shoes. The test takes approximately 45 minutes. Do not eat for one hour prior to test.

Please refer to instruction sheet.

ECHOCARDIOGRAPHY

This test uses sound waves to take pictures of your heart and takes approximately 45 minutes.

STRESS ECHO

This test combines the echocardiogram and exercise stress test. See above instructions.

Please refer to instruction sheet.
